Senior Class - Memories

The 1951-52 school year has come to an end. For the seniors it has passed too quickly. The last few weeks have been busy filling out applications for college, trying to complete the annual and preparing for commencement.

There is so much for us to remember. There were the hectic days before the homecoming game, the crowning of the queen, and the big dance. There was the annual H. Tru dance and the mad scramble to ask a boy. Then there was all the work that day trying to get the gym ready. We think of all the times we were sent to detention, study hall or put on deportment, but also those times when we made the honor rolls. We recollect how we stayed up all night after the prom and could hardly keep our minds on studies the next day. Then there were the terrible things one endured for G. A. A., "C" club, and Masque and Gravel initiation and for the more serious ones impressed us. We pleasantly recall the many friends we have made, the things we learned in our classes and the experiences we have gained.

We will always remember these experiences and our gratitude to the faculty of Clear Lake High School for preparing us for the future.

HI - LIGHTS STAFF

This year for the first time in several years, Clear Lake High School had a school newspaper. Subscriptions were sold at the beginning of the year and copies could be purchased each time the paper was printed. An edition of the Hi-Lights appeared each week in the local newspaper and the students received a specially printed copy every two weeks.

The newspaper has helped give students who are interested in newspaper writing a worthwhile experience. Mr. Howard Noble was the advisor for the first semester, and Mr. J. D. McCallum was the advisor for the second semester.

HONOR SOCIETY

The Clear Lake Chapter of the National Honor Society, the Semper Fidelis Chapter, was organized in 1931 under the sponsorship of Miss Cathryne Chambers. Its purpose was to create enthusiasm for scholarship, to promote leadership, and to develop character in the students of the high school.

Members are chosen by the faculty from the upper third of the junior and senior classes. New members are initiated twice a year, in November and in March. Ideals has been the theme for many of the meetings.

The officers were Mary Furleigh, president; Joan Barlow, vice-president; Joyce Lien, secretary; and Miss Chambers, treasurer. Miss Chambers and Mr. Weaver were the sponsors.

The Student Council is a very active organization that was organized in 1945. The purpose of the Student Council is to provide better expression of student council to increase unity between faculty and students, to improve school spirit, and to develop and maintain democratic ideals.

This group sponsored assembly programs, homecoming activities and school dances. A special project this year was the Open House for parents. This was held to acquaint the parents with their children's classes and teachers.

The officers were Joyce Lien, president; Mary Furleigh vice president; Joan Barlow, secretary, and Dorothy Wedeking treasurer. The sponsors were Mr. Weaver and Mr. Wells.

The "C" Club, one of the oldest organizations in the school, was founded in 1926.

All boys who enter any phase of sports are eligible for membership. The boy must earn a letter, must be voted in by the old members, and must go through an initiation which gives each boy a chance to show his sportsmanship. Student managers are also eligible. A letter may be earned in the four major sports. The requirement in football is completed by playing at least twelve quarters in varsity competition; in basketball, eighteen quarters must be played; in track, a minimum of five points must be earned; and in baseball, the coach sets the requirements according to the number of games played.

The officers this year were Bill Bouline, president, Leon Lincicum, vice-president; and Larry Kitchen, secretary-treasurer. Coaches Weber, Banning, and Erwin were the sponsors of the group.

To become a member, the girls must earn 100 points and undergo an initiation. The girls may earn points by participating in school activities in intramural programs, and in outside activities. Numerals are awarded for 500 points, a "C" for 750 points, and a trophy for 1000 points.

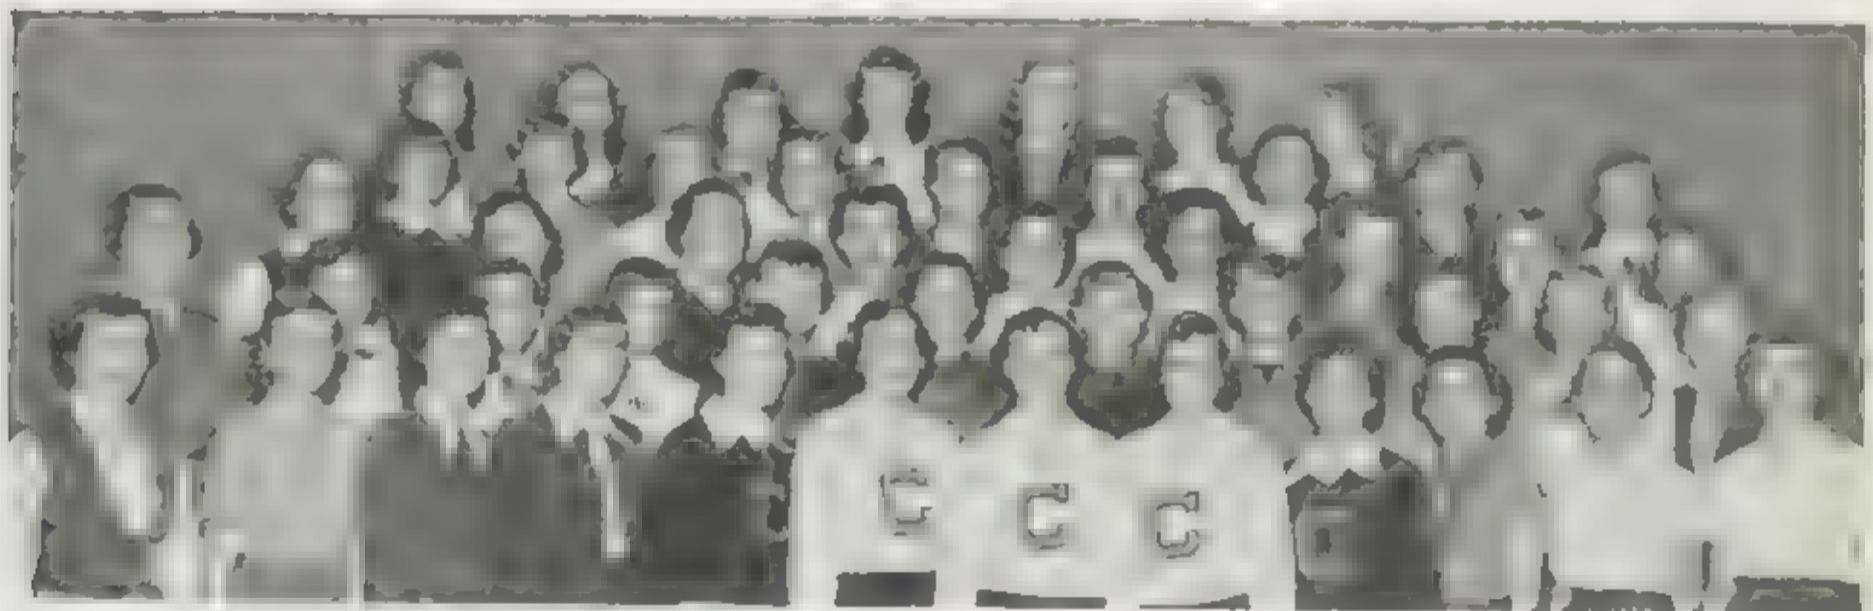

The regular meetings were held every other Monday. This year the girls sponsored a Sadie Hawkins' Dance and their special project was checking coats at the basketball tournament.

The officers were Donna Wedeking president; Nancy Ludwig, vice-president; Patricia Neu, secretary; and Barbara Rice, treasurer. Miss Christensen was the sponsor.

At present the group includes junior and senior stenographic girls, but it is the plan to include students who have one credit in business, and who have the approval of the teacher in these subjects and of the executive committee of the Club. At the meetings, members give reports based on special fields of interest; discuss job qualifications, both skill and personality; and present playlets (Skits) showing some phase of office life.

The office practice service was established to give students who are majoring in stenography an opportunity to work under actual office conditions; to receive training in many business projects; to learn the operation of the available machines; and to use files. The course also acts as a service department in which many practical tasks are performed for the teachers, the principal, and the school in general. Class Prophecy

RUTH NICKERSON—

Ruth Nickerson has, at long last, found her true career. We hear loud snaps, pops, and other explosive sounds as Ruth sells her product to the kids. Sure enough, she has become a bubble gum demonstrator!

RODNEY HEETLAND—

Who is this we see dragging down the beach in the sweltering sun? In the depths of despair after miserably failing a Hollywood screen test, Rodney Heetland has turned to the solitary life of a beachcomber. Dirty and haggard, he babbles to himself as he searches the beach for dead fish.

LOUISE HOFFMAN—

Louise Hoffman, we find, is the proud owner of a modern Turkish Bath House. As we enter, we watch astoundingly as she lightly flips a 200 pound customer. She proudly displays her bulging muscles, and then she informs us that anyone can do it if they have had the expert instruction of Miss Christensen.

MATT ORTH—

As we walk down the street, we see a huge sign, "Matt the Master Mortician." Standing beneath it, we see Mr. Orth dressed in his usual black suit. When asked how he, of all people, became an undertaker, he replied, "After my frivolous high school years, I found I needed peace and relaxation which can be found only with newly departed souls."

JOAN BARLOW—

Amid many screams and groans, we see mighty Jo Barlow, the lady wrestler. She bites, pinches, scratches and kicks every female she wrestles. She prefers fighting barefooted and wearing long, red underwear. Good luck, Jo. Hope you become the world's champion.

J. PEDELY—

As we buzz past Hollywood, we glance at the set of one of the latest Tarzan pictures. Standing there is J. Pedelty slaying a huge elephant with one strong arm. Flexing his muscles and pounding his chest, he lets out a loud whoop.

VIRGINIA ASHLAND—

Virginia Ashland, in the last twenty years, has settled down to a peaceful life on the farm. Seventeen children scurry about the house, as we hear Toots yell, "Jay Jr., get in here!"

PETER MILES—

Changing his favorite sport into a career, Peter Miles has become the proud owner of "Pete's Putrid Pink Pool Parlour." It is open especially to Clear Lake High School students.

JOYCE LIEN—

Joyce Lien has combined her nurse's training desire and her intense interest in men and has started a "nursing home" for rich bachelors. Joyce says, "Come one, come all; the more men, the merrier."

RAY HEWITT—

What is this we hear? A low voice that sounds very familiar is auctioning pigs for sale. Of course, it is Ray Hewitt, our famous baritone auctioneer. His once beautiful voice is now scratchy as he strained his vocal cords trying to teach Clear Lake students to sing.

LOLA LEEMHUIS—

Lola Leemhuis and her husband are working together as a very renowned team of scientists. With large shovels in their hands, they are about to start their most famous experiment, digging to the very center of the earth.

DEAN KASTER—

Over the radio comes the popular program "Dean Kaster's Story Hour for Sleepy Children." Dean's voice drones on and on telling the quiet fairy tale. The small children around him are curious and wide awake as Dean slowly stops speaking and drops off to sleep himself.

EUNICE RENBERG—

As the Duchess of Duesenbergonia, Eunice Renberg has done very well. She spends most of her spare time polishing the royal jewels and counting her money. We have heard, however, that she still is not a very good cook, and that she is a great trial for her husband, Richard XXXIII.

PAT LINAHON—

"Come on Beetlebaum, come on Beetlebaum!" At these words, we turn and see Pat Linahon standing at the rail of the race track. He is jumping around excitedly and waving a handful of tickets as he shouts. This is a great shock to all of us as Pat has become a minister and is usually very devout.

B ANN STORK—

At last B Ann Stork's ambitions have been realized. Yesterday she was married to Mr. Z. B. O. Snicklefritz, a multimillionaire. When asked what she thought of her wealthy, new husband, she said, "Who's thinking of a husband? I'm interested in the wealthy part of it."

CLINTON JOHNSON—

Clinton has become a millionaire since we last saw him. This came about quite by accident. It seems the younger generation has taken up the pastime of "boogering." Only Clint knows exactly how it is done. He made his million from lessons.

LARRY KITCHEN—

Larry has really succeeded in this world. He rushes here and rushes there. All dressed in white, Larry supervises his corporation. He now owns and operates Kitchen's "Football Unfortunate Hospital."

LOIS MERRISS—

Lois Merriss's life-long desire to dig gold has finally been realized. She is now employed in a well-known dentist's office. She works hard all day digging gold from wealthy patient's teeth.

MARY LOU RYAN—

We find ambitious Mary Lou has established her own drive-in in Florida. "Lulu's Loony Lovelies" are known far and wide. She has added something special to her drive-in—a nightly show which one can watch while he eats. Lulu is, of course, the star of the show.

EUGENE EVANS—

The olympics this year has greeted a strong, new champion. Having won every medal and the possible, Eugene Evans has earned the reputation of the world's best athlete.

LARRY GARLOCK—

Down goes another challenger! As the heavyweight champion of the world, Larry Garlock has defeated 257 fighters. After all these fights, however, it seems he has a little trouble with hearing bells ring. He says "Will somebody please answer the phone?"

BARBARA CLARK—

As a laboratory technician, our own Barbara Clark has really been trying to invent something useful. She exclaims, "If I could only find a cure for man's greatest enemy, the common cold."

JAKE SPRATT—

Well known for his ability to sleep, no matter what, Jake Spratt has found the perfect career. He can sleep all day now as the demonstrator for the Bellowy Mattress Company.

JEAN PRESCOTT—

Ughhh-pull! Jean Prescott moans and groans as she tugs on the latest style. She has become a girdle model for the Snug-Fit Corporation.

DON NICHOLS—

Always very talkative and excited, Don Nichols has become a politician. He waves his arms frantically as he shouts into the microphone, "I promise every farmer a billion-dollar income for every year!"

DIXIE EVANSON—

We find that Dixie is still working but not in the business field. She is now a model in Florida waiting for her sailor to get out of the Navy. Oh, by the way, she is modeling French bathing suits.

MARY FURLEIGH—

Mary is still up to some of her tricks. She is now the sole owner and operator of "Furleigh's Flea Farm." We asked her why she started this business and she replied, "I had an overabundance."

AMY ARNESON—

Amy is efficiently running her little home. She has not put aside her other talents, however. Amy shouts, "Ray, Jr., come in here and practice your music lesson right now! Sally Mae, come in and practice the piano. I declare, the kids will be like their dad yet!"

PHYLLIS BATAITIS—

Phyllis has her own little shop in New York. The current fad has made Phyllis a huge success. Outside the shop hangs a sign reading, "Do you like the color of your hair? Come in and Phyl will change it to any color you wish."

MARGARET ZIRBEL—

We could not find Margaret at home, but Amos was there patiently taking care of the kids. It seems that Margaret is wearing the pants of this family (and doing well I might add). Zibbles next adventure is to manage the secretariat for the U.N.

DONNA WEDEKING—

Donna is still working her little fingers to the bone with shorthand, typing and ~~etc.~~ "Sure you're married Donna," we ask. "Heck no," she answered. "I just get them hooked and off they go to join my uncle—Uncle Sam, that is!"

BARBARA FOLKMANN

What is this we see? "Burp" Folkmann is leading all the men out of town just like the Pied Piper and the rats. Her experience leading the band has proved to be of great value in her latest pastime.

GENE ALSBURY—

Whoosh! Off at a great speed which is something he has always liked is Gene Alsbury. He takes off for Mars in a huge rocket ship. Before he left we heard him say, "I hope there are some good looking girls up there."

BARBARA WOOD—

Since Barbara Wood has revived the Bab-O-Girls, her name has really been up in lights. She is now known as "Babs of the Bab-O-Girls, Queen of the Best Burlesque."

LLOYD ASHLAND—

Going into the army right after high school, Lloyd Ashland has decided to make it his life's work. He has found it hard to take orders, however, and after all this time we find he is still a buck private.

DICK DUESENBERG—

In the deep, dark jungles of South Africa, we find Dick Duesenberg. He has become a missionary and is now teaching the natives. We hear him say, "Abba dabba, dabba, my friends."

NORMA WILLIS—

Now that Miss Goldberg has retired, we find that Norma Willis has taken her place. She raised her shorthand speed to 250 words a minute before she retired to the peaceful life of teaching at Clear Lake High School.

BILL BOULINE—

After many long years of study, Bill Bouline has become a noted professor of nuclear fission. He is hard at work trying to change Einstein's theory of relativity.

LARRY MILLER—

Larry Miller has become an important designer and manufacturer of babies' bonnets and booties. Mothers' adore his exquisite taste, his fine choice of fabrics, and his sweet, simple designs.

MARILYN ANDERSON—

A red-headed carhop scurries up to the nearest convertible filled with boys and starts to take their orders. As she shouts, "Draw four," we see that it is Marilyn Anderson.

DICK ROGERS—

The only man to swim across the English Channel six times is Dick Rogers. He has been acclaimed the most miraculous swimmer of all times. He has made us all proud of him. He tells us confidentially "All it takes is an extra little motor attached to one foot."

JUDY MERRIMAN—

Judy is now operating a little newspaper of her own. It is Wednesday and she is frantically shouting to her triplets, "Copy, copy, Don't you know the paper comes out tomorrow?"

BARBARA LESTER—

"Bones" is teaching in the Lincoln school building at Clear Lake. She is still trying to get into the road building business though. It seems she has an everlasting mania for "Tart."

BARBARA NASSET—

Barbara is now an instrumental teacher at Podunk High School. "Nasset's Natty Numskulls" consists of two girls and three boys.

DONNA KAY SHIELDS—

They said Donna would make a good one. She had all the training. Yes, Donna is now a M R S. She is keeping the home fires burning at a small farm just outside Shelfield.

ANNA MAE HOIT—

In the last year at Clear Lake High School, Anna Mae took a subject that "caught her eye." She went to college for 5 years and is now laboring away at her new job, Mr. Grell's old job. Anna Mae's shrieks can be heard clear out in the hall. "Come on, you lazy boys! This desk is to be done at four!" Her voice grows soft and gentle, "Tonight I'm holding an advanced class."

LEON LINCICUM—

Leon has carried out all of his adolescent plans. After serving four years in the Navy, he is working as a carpenter in good ol' Clear Lake. Whenever Leon gets depressed, he rushes home to his faithful Ellen and 5 little Lincicums.

RON NESSETT—

Most of the kids in his class suspected it, but Ron never believed us. It has come true though. Kirk Douglas broke his leg in one of his films, and Ron was called to take over. Ron was so good; he now has a ten-year contract with MGM.

MERLE OLINGER—

Merle is now working at the Mason City Fairgrounds. His faithful Betty is helping him. They have a new business. They are running a concession for those who work in the cattle barns.

LESTER NICHOLS—

Einstein Nichols has been working on a complicated problem for two years. He has a masters' degree in engineering but that does not seem to help. No matter how Les does it, he cannot seem to get his back tires on the axle of his "hopped-up" car. The tires are so thick that they just will not fit. His tires have to be that thick though because Les still "digs" out.

DARWIN REITER—

Darwin is now doing those things about which he was always dreaming. He is down in the deep heart of Africa catching ferocious lions. There is only one thing that bothers him—those mosquitoes are driving him mad!

LEON WYRUM—

We find Leon has traveled the farthest of all the 1952 students. He is now employed by the Clear Lake Board of Education. We asked Leon what he did. "At last the kids will have lockers that work!" he answered.

BUD SCHOBER—

Bud is back from serving four years in the navy. We see Bud and his little Korean war bride running a grocery store on the south shore of the beautiful Clear Lake. In his spare time, Bud gives jujitsu lessons in the rear of the store. "Every little bit counts," Bud says.

EVELYN RASMUSSEN—

As we pick up a newspaper, we see by the headlines that Evelyn has become the first woman president of Denmark. Congratulations, Evelyn.

GWEN RUSSELL—

After being completely trained in the commercial field, Gwen has finally found a suitable position. She has replaced Marie Wilson as the indispensable but dumb secretary on the "My Friend Irma" show.

MARILYN NELSON—

Much to our amazement, we find Marilyn teaching music in the Hampton Public schools. She proudly tells us that her high sopranos have just won a first at the state contest. They have finally reached their goal of being the flattest vibrato voices in the state.

DICK DECKER AND ROGER MILLARD—

We find that Rog and Dick have kept their high school vows and are bachelors in the Navy. They are still the inseparables they were in school. The boys put their heads together and decided they could earn promotions faster if they were together. They have; they are swabbing the top decks now.

H DUESENBERG AND LOIS JAMES—

H has succeeded in promoting the Duesenberg Corporation by adding fifteen little Duses to the firm. H is foreman over them. Who is the boss? Why, Lois, of course.

TOM FURLEIGH—

Tom has followed his father's footsteps and is a farmer farming 640 acres. He still has one school habit that he has carried over. Tom cannot leave track and runs around his land every morning in hopes of making the 1970 track team.

BOB GERDES

Bob and Bob running a chain of night-clubs. Most of his business is in the daytime, however. On the night program, he does his famous "feather" dance. During the daytime, he gives dance lessons!

JACK HENDERSON—

We find is a popular New York Times columnist. He is now at his office (third booth from the back in "The Greasy Spoon Cafe") collecting choice bits for his column. By the way, he calls it "Henny Penny's Gossip Handle."

BEVERLY BALLANTYNE—

We see Beverly over in India. She has fulfilled her life-long ambition to be a missionary and is now surrounded by little black natives.

ABBIE ANN WINKLE—

We find Abbie in the psychiatry department of the University of Chicago. The pertinent question is "Who is examining whom?"

VIRGINIA ASHLAND

MARJORIE BAUM

JOYCE LIEN

The freshmen gathered boxes at the Lion's field for a huge bonfire on the eve of Homecoming. This year the queen was crowned and introduced on this night instead of at the half of the Homecoming Game as had been the custom. The evening closed with a snake dance led by the freshmen, clad in their pajamas.

The 'C' Club nominated six girls for the honor of being Homecoming Queen and attendants. The student body then voted on them. The girls were Joan Barlow, Joyce Lien, Virginia Ashland, Eunice Renberg, Jo Steege, and Marjorie Baum. Marjorie Baum was elected queen and Joyce Lien and Virginia Ashland were elected as her attendants.
